

See More, Know More, Do More

See what's happening anywhere, anytime with monitoring solutions by Building36. Our video technology gives you smarter, more useful alerts and a whole-home view of important activity.

VIDEO SOLUTIONS THAT FIT YOUR LIFE

Stay in the know about events that matter with anytime live streaming, instant video alerts and continuous HD recording—all accessible from the Mobile App.

See Everywhere

Stay connected with video from indoors, outdoors and your front door. Watch live feeds from your property right on your phone, tablet, computer or smart TV.

Know More with Less

Spot what's important—even when there's a lot going on—with customizable video alerts. Specify exactly what you want to see for more insight with less interruption.

Never Miss a Thing

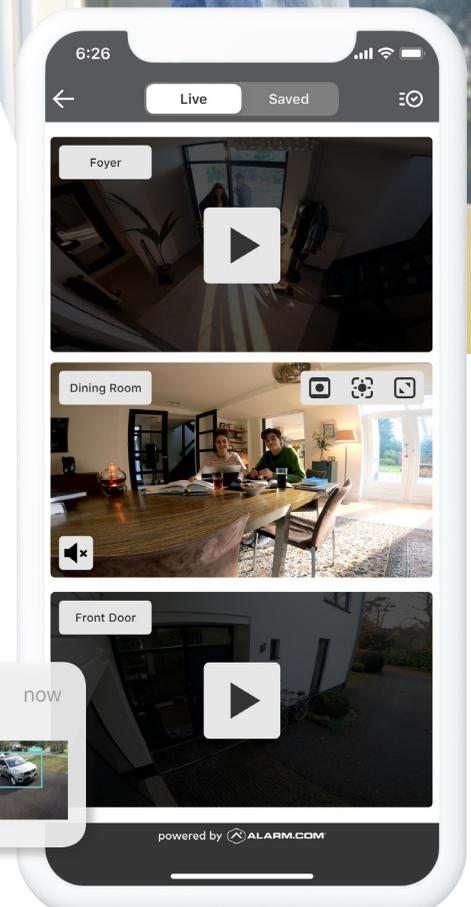

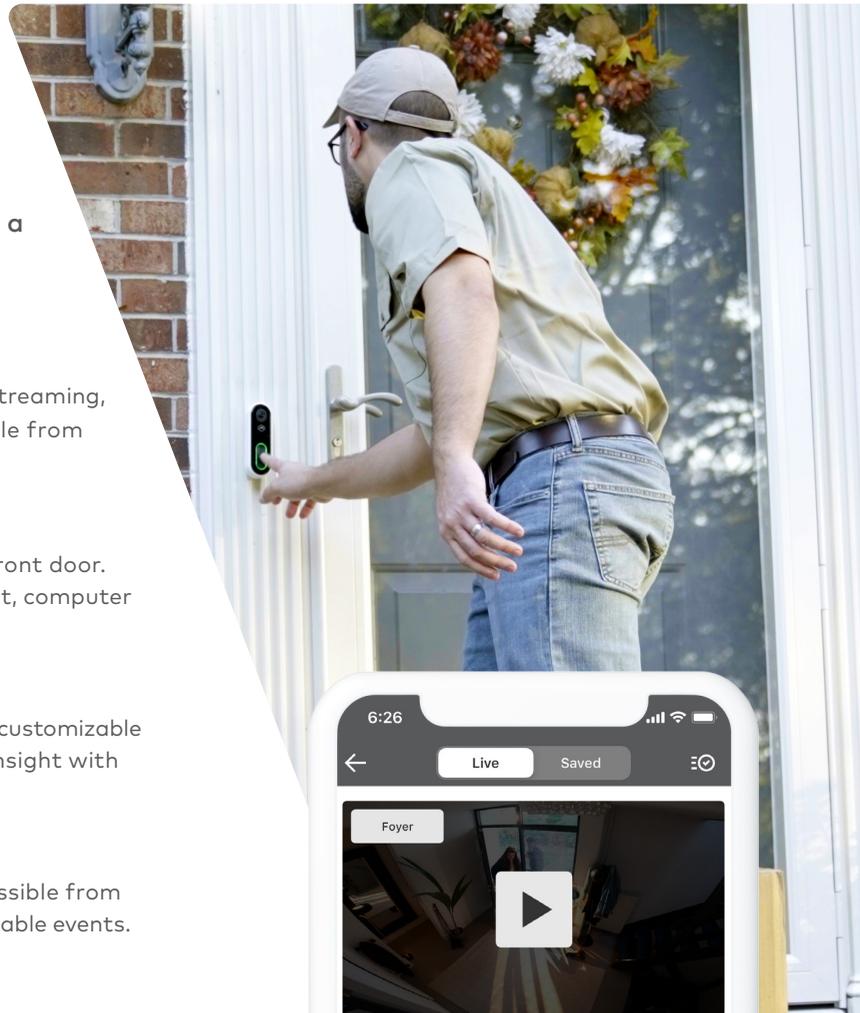

Capture 24/7 HD recording with secure video streaming accessible from anywhere. With a searchable library, it's easy to find clips of notable events.

Talk, Listen & Connect

See, hear and speak to your family, visitors and delivery drivers through your mobile app. View your visitors in full screen portrait mode and take action from the doorbell call screen.

Do More at the Front Door

Get instant front door awareness no matter where you are. Whether you're on the go or on the couch, you'll always know when someone's at your door—even if they don't ring the bell.

HOME

now

My Home: Driveway Camera detected a vehicle and recorded a video clip at 2:43 pm.
